

# PERIODICAL INSPECTION

*Don't leave your business to chance!*

**SZUTEST**

## ABOUT SZUTEST

**SZUTEST** is a **Type-A Periodic Inspection** body accredited by **TS EN ISO/IEC 17020**, which conducts periodic inspections according to the Regulation on Health and Safety Conditions in the Use of Work Equipment.

## WHY PERIODIC INSPECTION?

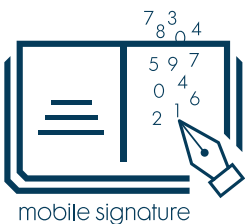

By having your periodic inspections done, you will both take the necessary measures for occupational health and safety and fulfill the legal requirements. With your periodic inspection, you can;

- Ensure their safe operation by keeping your machinery under constant control,
- Reduce machinery maintenance costs,
- Prevent your machinery and equipment from malfunctioning,
- Take the necessary measures to protect your employees from work accidents,
- Prevent possible major accidents.

## WHY SZUTEST?

**SZUTEST**, a **TURKAK** accredited, reliable and auditable institution, provides periodic inspection services all over Turkey with its industry experience, expert staff, and solid technical infrastructure. To our customers with our high quality and wide service scope;

- We provide the opportunity to access and analyze your reports at any time with the software we developed.
- We provide the opportunity to be tracked and easily accessed with our labels on the reports and the equipment.
- With software support, we speed up the process by signing your inspection reports with e-signature and sending them automatically through the system. Thus, we prevent paper waste and fulfill our responsibilities toward the environment.
